Step 1:

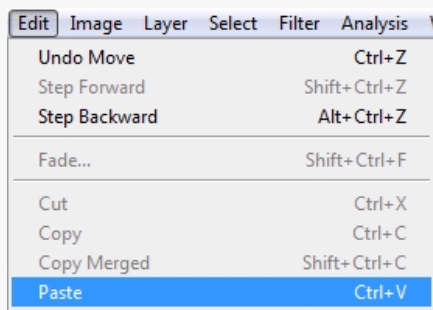

First do a search on Google for for favorite image. When you have found the image, right click on it and select Copy.

Step 2:

Open [Photoshop](#), create a new document using the settings below.

when you are finished click ok. Click [Edit > Paste](#). This will paste the image you copied earlier into photoshop.

Below is what i have so far.

We need to resize the image to fit the screen better. Click on the [Chop Tool](#) , with the chop tool selected right click on the image and select [Free Transform](#)

Categories

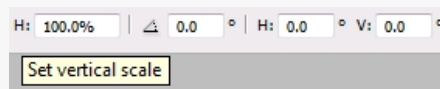

-  [Adobe Photoshop](#)
-  [Adobe Flash](#)
-  [Mobile](#)

Click on [Maintain Aspect Ratio](#)

Now using the H: adjust the [Vertical Scale](#) to what ever fit the workspace.

Below is my final result.

Step 3:

To upload to the phone, create a folder in your Picture folder located in [My Documents](#), called my pictures it can be what ever you like. Now open [iTunes](#), click on your Phone and select Photo

Select the folder and [Sync](#) your phone.
